

Would you rather...

Experience 10 small failures or 1 huge failure?

Would you rather...

Experience a huge failure privately or a small failure publicly?

Would you rather...

Ask for help or tinker until you figure it out?

Would you rather...

Take a pause after a failure moment or push
through until you succeed?

Would you rather...

Catch yourself messing up in the moment or
realize you have failed after the fact?

Failure Quiz

How does our group view failure similarly or differently? Why?
